To all Members of the Penang Bar,

**Feedback on Stay of Execution for Criminal Matters**

The Bar Council would like to know if members of the Penang Bar are encountering any problems with regard to obtaining a stay of execution in criminal matters as they have been informed that certain lower courts in the country have been insisting that a Notice of Appeal be filed first before applying for a stay of execution.

Members who have faced or are facing such problems are requested to notify the undersigned or the Penang Bar Secretariat as soon as possible in order for us to inform the Bar Council for their further action.

Thank you.
